

A wealth of history. A vision for the future.

High-speed rail is a key component in building our nation's infrastructure. The planned 800-mile system from Sacramento to San Diego represents the state's commitment to environmental responsibility, improved mobility, and jobs for Californians. Californian voters approved this project, and it's the right time to keep California moving.

With our commitment to improving the mobility of people around the world, it's no surprise that the Tutor Perini/Zachry/Parsons joint venture team is excited to be a part of history through the design and construction of the first truly high-speed train system in the United States. Our core values of quality, safety, innovation, diversity, integrity, and sustainability are directly in line with the vision and scope of this important project.

Tutor Perini/Zachry/Parsons, A Joint Venture, represents three national transportation leaders with a successful record of high-profile rail projects in California and all over the world. We offer the California High-Speed Rail Authority an experienced team that is well versed in the latest high-speed technology and the processes unique to this project. Our approach will deliver proven experience and a commitment to quality at an affordable price. We are ready to make the Authority's vision a reality.

We are also committed to the Authority's goal to utilize local, small, minority, and veteran-owned businesses for this project. That's why it's critical for you to team with a trusted partner, one with a track record of success in high-quality, sustainable, and safe engineering and construction contracts. We have earned a reputation for creating innovative, results-oriented solutions. We want you to get on board; it's going to be a rewarding journey.

All aboard for a better California.

Join Our Team!

Tutor Perini/Zachry/Parsons, A Joint Venture, has a long history of providing design and construction services in California and all over the world. We share the California High-Speed Rail Authority's commitment to incorporating local, small, minority, and veteran-owned businesses into our overall project team — it's part of our corporate culture. There are many subcontracting opportunities available on our team. The first step is to go to our website and enter your information. Once you submit your information, we will collect the data and will keep your firm informed of the process along the way. Don't worry if your company isn't registered or certified as a SB/DVBE/DBE/MB firm. As a part of our team, we will assist you in getting registered or certified in your area of expertise. We will provide you with opportunities to apply your skills and gain working knowledge of best practices we have learned from our experience all over the world as we build this unique and important project. Tutor Perini/Zachry/Parsons joint venture recently received an executed contract from the California High-Speed Rail Authority (Authority) to construct the first segment of the California high-speed rail system, which will stretch 29 miles between Madera and Fresno.

Subcontract Opportunities

The following is just a partial listing of the subcontract opportunities available.

ADMINISTRATIVE SERVICES/ PERSONNEL	ELECTRICAL COMMODITIES	PILE DRIVING
AERIAL PHOTOGRAPHY/MAPPING	ELECTRICAL CONTRACTORS	POST-TENSIONING
AGGREGATE SUPPLIERS	ELECTRICAL EQUIPMENT	QA/QC
ANTI-GRAFFITI COATING	EROSION CONTROL/IRRIGATION	READY-MIX
ASPHALT/A.C. PAVING	FENCING/GUARDRAIL	REBAR
ASPHALT/CONCRETE CRUSHING	FUEL, OIL, GREASE	ROADWAY/ PARKING STRIPING
BRIDGE JOINT SEAL ASSEMBLIES	GEOTECHNICAL	SECURITY
CAMERA SEWER INSPECTION	HAZARDOUS MATERIAL REMOVAL	SIGNAGE
CANOPIES/ROOFING	LANDSCAPING/IRRIGATION	SOUND WALLS
CATHODIC PROTECTION	LIGHTING EQUIPMENT & INSTALLATION	STRUCTURAL
CIVIL	MECHANICAL	STRUCTURAL STEEL FABRICATION/INSTALL
COLD PLANING	METAL FABRICATION	SURVEYING
CONCRETE BARRIERS	MINOR CONCRETE/STRUCTURES	TRAFFIC CONTROL
CONCRETE WORK	MISCELLANEOUS METALS/ RAILINGS	TRUCKING/HAULING
CONTAMINATED SOIL HANDING	MSE WALLS	UTILITIES
DEMOLITION	NOISE/VIBRATION MONITORING	WATERPROOFING
EARTHWORK	PAINTING	WELDING
ELECTRICAL
